FE FIELD DISPATCH NO. [REDACTED]

DATE: APR 19 1956

DD/S

56-1461

TO: *mm*

25X1A2e

FROM: Acting Chief, FE

SUBJECT: General: Travel  
Specific: Medical Survey of SEA Stations [REDACTED]

ACTION REQUIRED: Assistance in Accomplishment of Medical Survey

1. Attached for your information is a copy of a letter of instructions, including itinerary, of [REDACTED] IDEN A, who will travel as an [REDACTED] from Headquarters and report to the Chief of Station, [REDACTED] approximately 11 May 1956, prior to proceeding on a survey trip of South east Asia stations. [REDACTED] He will advise stations listed in the itinerary the exact time of arrival and will remain at each for as long a time as necessary to complete his assigned mission.

2. Headquarters has concluded that medical and operational considerations make it desirable to have a medical officer make a detailed study of all aspects of medical support required in Southeast Asia. Therefore, [REDACTED] has been authorized a TDY of six months to enable him to fully survey each installation and examine the medical problem in its entirety, spending sufficient time to become exposed to the complex problems inherent in operations and support at each station.

3. It is requested that addressees give every assistance to [REDACTED] in furtherance of his assigned mission as outlined in the letter of instruction attached.
